The South Centre Corridors Buy Fresh Buy Local Produce Guide

Welcome to the South Centre Corridors Buy Fresh Buy Local Chapter's local produce guide. This is a regional effort of South Centre Corridors Resource Conservation & Development (RC&D) Council and our partners to connect consumers in our communities to the freshest and most delicious locally grown produce and products available.

BUY FRESH BUY LOCAL opens new markets for family farmers by educating consumers about the benefits of eating locally, as well as supporting the local farms and producers throughout the region.

Why Buy Local?

Support Local Family Farms

With each local food purchase, you ensure that more of your money spent on food goes to the farmer.

Health & Nutritional Benefits

Knowing where your food comes from and how it is grown or raised enables you to choose safe food from farmers.

Protect The Environment

Local food does not have to travel far. This reduces carbon dioxide emissions and packing materials.

Strengthen Your Local Economy

Buying local food keeps your dollars circulating in your community.

Get Exceptional Taste & Freshness

Local food is fresher and tastes better than food shipped long distances from other states or countries. Local farmers can offer produce varieties bred for taste and freshness rather than for shipping and long shelf life.
