

## ***Attention: Citizens of Charles City County***

*In preparation for the FY21 Budget Public Hearing on May 20<sup>th</sup>, we've launched a new online budget simulation tool, called Balancing Act, to provide an interactive glimpse into the County's proposed FY21 operating budget. This tool offers a transparent look into all levels of projected revenues and expenses, and invites you to experience the budget development process first-hand (want to increase tax revenue or decrease operating expenses? Watch how your changes impact other areas of the overall budget). Give it a try just for fun, or submit your recommendations to County leadership for consideration!*

*Head over to: <https://5e82407adb9.abalancingact.com/fy-2021-county-operating-budget-cip> and follow the 'Help and Tips' to get started!*
