Charles City County Leadership College

Have you ever felt confused or frustrated when trying to engage with local government? Do you want to have relationships with the people in local government that can help progress your community goals?

Would you like to know how to better serve your community through civic engagement, but aren't sure where to start? These are quite common experiences, and Charles City Community Leadership College is here to support you! You will be a part of a class of 20-25 community members who are invested in their communities and want to learn more about local government. Charles City County Administration is implementing a Citizen Leadership Development Program this spring.

Program participation will be by application so that we know who you are and what your interests. The curriculum will help participants understand County processes, learn valuable and exciting information about Charles City County and find out what makes our community unique, livable and a wonderful place to call home! The inaugural launch of Charles City Leadership College is scheduled for six weeks on Tuesday evenings from 6:00-8:00PM, May 10, 2022 – June 14, 2022.
